vCIO Sevices

**Strategic IT leadership for
your business growth**

Experience strategic growth through expert-led and innovative IT solutions. Working with a Virtual Chief Information Officer, or vCIO, helps you streamline your IT infrastructure, adapt to market shifts, and align technology with your business objectives. With industry expertise and a commitment to success, we keep you updated with the latest trends and develop a technology roadmap tailored to your needs.

Services You Gain

Strategic IT Planning

Develop a strategic IT plan that aligns with your business goals. This includes identifying opportunities for growth, optimizing existing technologies, and planning for future needs.

Technology Roadmap Development

Get a detailed technology roadmap to guide your IT initiatives. This roadmap ensures that your organization stays ahead of industry trends and adapts to changing market conditions.

Guided Implementation

Ensure smooth execution of IT implementation projects with expert guidance as you implement business technologies.

IT Infrastructure Optimization

Improve efficiency, reduce costs, and enhance performance with expert infrastructure assessment and streamlining.

The Ascend Advantage

Experts You Can Trust

Award-Winning Team

Team Ascend's renowned experts are some of the best in the industry. Ascend consistently ranks among the top MSPs in the country, earning positions on award charts such as Channel Future's top 501 MSPs, the CRN MSP 500 & Elite 150, and Inc. 5000.

ITIL-Based Processes

Our unwavering mission is to maximize efficiency by making the onboarding, implementation, and rollout journey seamless and enjoyable. Leveraging the ITIL framework, we bridge the gap between security and compliance to enhance overall effectiveness.

Zero Trust Security Approach

Adopting a "trust no one" strategy safeguards your company information from the inside out. We'll implement continuous authorization, strict access controls, and ongoing monitoring for your ultimate protection.
