

## Empowering Technology

## Powered by People

We focus on transforming businesses with reliable services. Our experienced team of experts and top-notch technology make Ascend one of the top-managed service providers in the area. From security risk assessments to managed service providers, Ascend has the technology solutions you need to drive success.

## Enhancing Your Service Portfolio

### AWARD-WINNING TEAM

Experience the unmatched power of protection and watch your objectives seamlessly transform into tangible achievements.

### ITIL-BASED PROCESSES

Our unwavering mission is to maximize efficiency by making the onboarding, implementation, and rollout journey seamless and enjoyable for our partners and clients. We employ ITIL framework to bridge gaps between security and compliance on behalf of our customers.

### ZERO TRUST SECURITY APPROACH

Adopting a “trust no one” strategy safeguards your company information from the inside out. We’ll implement continuous authorization, strict access controls and ongoing monitoring for your ultimate protection.

“Team Ascend is always a wonderful team to work with. They are very knowledgeable and are able to find a resource when you have a specific need. Always quick to respond and provide any appropriate feedback.”
