

Expert-Led

Cloud Migration

*Transition to the cloud
with confidence & ease*

Our expert-led Cloud Migration service is designed to address the specific hurdles your organization faces when moving to the cloud. We focus on ensuring a seamless transition with minimal disruption to your operations. Our goal is to help you leverage the full potential of cloud computing, enhancing your scalability, flexibility, and cost-efficiency.

Services You Gain

Comprehensive Assessment & Planning

You get a detailed analysis of your current infrastructure and we help develop a custom migration strategy tailored to your specific business needs. Our thorough risk assessment and mitigation planning is the first step to ensure a smooth transition.

Data Migration & Integration

Your data is securely and efficiently transferred to seamlessly integrate with your existing systems. Our process includes rigorous data validation and integrity checks to ensure everything is in place.

Cloud Security Assurance

Get expert implemented advance security measures, thorough vulnerability assessments, and compliance with industry standards to protect your data and applications from potential threats.

Post-Migration Testing & Validation

Post-migration, we check for any potential issues and confirm that all applications and services are running smoothly and securely.

The Ascend Advantage

Experts You Can Trust

Award-Winning Team

Team Ascend's renowned experts are some of the best in the industry. Ascend consistently ranks among the top MSPs in the country, earning positions on award charts such as Channel Future's top 501 MSPs, the CRN MSP 500 & Elite 150, and Inc. 5000.

ITIL-Based Processes

Our unwavering mission is to maximize efficiency by making the onboarding, implementation, and rollout journey seamless and enjoyable. Leveraging the ITIL framework, we bridge the gap between security and compliance to enhance overall effectiveness.

Zero Trust Security Approach

Adopting a "trust no one" strategy safeguards your company information from the inside out. We'll implement continuous authorization, strict access controls, and ongoing monitoring for your ultimate protection.
